

UPlan Weekly Digest

Friday, February 18, 2022

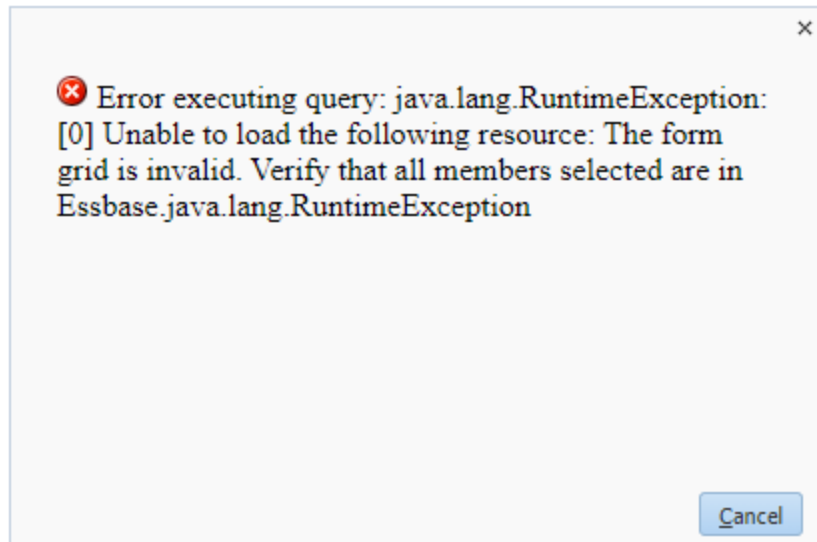

Announcements:

- **Extended Downtime for System Monthly Maintenance:** In addition to the standard 3rd Sunday monthly system maintenance, IT will perform Oracle security patches on enterprise databases, including the Hyperion database from 12:00am – 8:00pm on Sunday, February 20th. Users will not have access to UPlan web nor Smart View during this time.
- **Salary Global Assumptions:** The salary global assumptions by bargaining unit/Union Code was updated in Employee Planning on **Thursday, February 11th** at the D999999 level to reflect the campus planning assumptions for 2022-23 and 2023-24. Note the following:
 1. Only the merit increase for 99's and range increases for all other bargaining units are included.
 2. Each Control Point and their departments have the option to adjust these assumptions at those respective DeptID levels.
 3. The Salary Global Assumptions form can be found under My Task List > Employee Planning > Empl Global Assumptions in UPlan—see screenshots below for both the web and Smart View.
 4. Assumptions for increases that do not occur across the board are not included: step increases, equity increases, academic merits, and lump sums; and any bargaining unit with "TBD" assumptions were left blank.

Bug Fixes & Enhancements:

- **Resolved – FR CommtPln Detail Reports Error:** Planners receive the below error message when running the FR CommtPln Detail Reports. This issue has been resolved.

- Reference the [UPlan Enhancements](#) page for a complete list of enhancements relevant to the last fiscal year.

Known Issues:

Reference the [UPlan Known Issues](#) page on our website for a complete list of unresolved issues. As known issues are resolved, they will be announced under “Bug Fixes & Enhancements”.
