Announcements:

- **NEW** – Enhancements made to streamline the Employee Planning Forms:
 1. The “Benefit Global Assumptions” form has not been used to date and has been removed from the Task List.
 2. The “Empl Salary” and “Empl Benefits” tabs on the “Search Individual Empl” form have been combined into a single tab and is now named “Empl Sal&Ben Level”.
 - All relevant accounts are now displayed on the rows of the new “Empl Sal&Ben Level” for all employee/title code combinations. This eliminates the need for the "Add/Remove Account" right-click menu item, which has been removed from the form.
 - The following accounts are no longer available on the new “Empl Sal&Ben Level” tab. These accounts were available in the old “Empl Salary” and “Empl Benefits” tabs but are being removed since they have not been used to date:
 - UCSF Pay
 - Non-UCSF Pay
 - Base&Neg Ben Incr %
 - Addtl Ben Incr %
 - Fac Bon&Incv (BYZ) Ben Incr %

Bug Fixes & Enhancements:

- **RESOLVED** – **Salary and Benefit accounts not displaying correctly in General Planning:** Some planners were seeing incorrect salary and benefit numbers in General Planning. Occasionally the numbers would not show at all or they were multiplied by 2 or 3 times the true amount in Employee Planning, then resolved after the half-hourly automated integration. This has now been resolved.
- **RESOLVED** – **Search Individual Employee Form Error Message:** Some planners were receiving an XML Load Error message when navigating to the “Search Individual Empl” form in Smart View. This has now been resolved.
