

UPlan Weekly Digest

Friday, September 22, 2017

Announcements:

- **UPlan Forecast Export to MyReports:** The automated monthly forecast export to MyReports did not run as scheduled on Thursday evening, 9/14. UPlan exported the Forecast on Thursday evening, 9/21, and it is now reflected in MyReports.

Bug Fixes & Enhancements:

- **RESOLVED – FY18 Plan Final Data in MyReports:** The FY18 Plan Final data has been re-exported to MyReports on September 11 to correct a signage issue for data originating from PLUS.
- **RESOLVED – Salary and Benefit accounts not displaying correctly in General Planning:** The employee module was recalculating “Initial Base&Neg Salary” for some employees resulting in some planners seeing incorrect salary and benefit numbers in General Planning. The issue is now resolved.
- **RESOLVED – Incorrect Plan Final Data:** FY18 and/or FY19 Plan Working was not accurately copied to Plan Approved or Final for some DeptIDs. The issue is now resolved.
- **NEW – Employee Accounts Now Actualized:** The “Addtl Salary” and “Fac Bon&Incv (BYZ)” accounts in the Employee Planning Salary & Benefits Level forms are now included in the monthly actuals load and will override any amounts previously projected in the closed month.
- Reference the [UPlan Enhancements](#) page for a complete list of enhancements relevant to the last fiscal year.

Known Issues:

- Reference the [UPlan Known Issues](#) page on our website for a complete list of unresolved issues. As known issues are resolved, they will be announced under “Bug Fixes & Enhancements”.
