Known Issues:

- **Employee FP Feed to UPlan not showing data for April 2017-June 2018:** Payroll is in the process of finalizing the internal payroll processing calendar and are targeting today, October 21, for completion. This means there is no FP Employee data to copy into UPlan between April 2017-June 2018. We will notify Planners when FP data populates in UPlan for April 2017-June 2018.
- Reference the [UPlan Known Issues](#) page on our website for a complete list of unresolved issues. As known issues are resolved, they will be announced under “Bug Fixes & Enhancements”.

Tips & Tricks:

- **Don't double-plan for Commitments:** Commitment numbers roll into General Planning via TFR accounts. Don't make the mistake of double planning for your Commitments by entering your Commitment Revenue in your Revenue and Expense form. If you notice Tfr data are incorrect, correct the numbers in the CmmtPlan application.
